This is the Advanced Grand Vitara with Suzuki AllGrip Select, the legendary four-wheel drive technology from Suzuki.

The electronically controlled four-wheel drive system with selectable driving modes uses a simple push-and-turn dial so you can control the driving behaviour depending on the road surfaces or conditions. This superior capability of the new breed of SUVs gives the driver the confidence to take on any challenging terrain while ensuring high fuel efficiency and peace of mind. The AllGrip Select lets you choose from 4 driving modes - Auto, Sport, Snow and Lock.

- In AUTO mode, the vehicle prioritises fuel economy and switches between two-wheel drive and four-wheel drive depending on the road surface and driving conditions.
- In SPORT mode, the vehicle is optimised for sporty driving, such as on winding roads.
- In SNOW mode, stability is maximised which makes driving through snow, unpaved or other slippery surfaces easier.
- In LOCK mode, torque is distributed to all four wheels equally, to maximise traction when driving on tough surfaces.
